**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a subscriber of Sonic service. They are professional and provide terrific internet access. Our upload and download speeds are very fast. I believe the fiber optic lines they provide are the reason. The price of the service is very competitive. Do not increase the price. The cost of internet and telephone service is already high enough. This kind of service is now the new normal and is really our lifeline in case of emergency. We are senior citizens and no longer use a landline telephone.
